

## **Project Assistant Professor in Astroparticle Physics Institute for Cosmic Ray Research, The University of Tokyo**

The Institute for Cosmic Ray Research (ICRR), The University of Tokyo, Japan, is a research center in the fields of Cosmic Ray and Astroparticle Physics and has a long-standing history in these fields. We are looking for a Project Assistant Professor who can work with researchers in our institute in the following fields: 1) High Energy Cosmic Rays, 2) Ultra High Energy Cosmic Rays, 3) High Energy Gamma Ray Astronomy or 4) Gravitational Wave Astronomy, or who can initiate an independent research project in the above mentioned fields.

Applicants should have a PhD degree or be about to complete it. The successful applicant is expected to start working at ICRR, The University of Tokyo, anytime on the earliest possible date after the decision. The salary and benefits depend on the scientific career of the successful applicant and are defined in the articles of employment of ICRR, The University of Tokyo. The successful applicant must take a health insurance from MEXT mutual society of health insurance, and will get a commuting allowance. The employment contract will be renewed every year and can be extended until up to 31 March 2018. The University of Tokyo encourages the applications by scientists with foreign nationalities and female scientists according to the University of Tokyo's equal opportunities employment policy.

The applicants will be screened on the basis of their application documents, and candidates will be invited for interviews scheduled in April or May 2013 (travel costs will not be covered by ICRR). The applicants shall submit the following documents in PDF format by e-mail, to be received until 17:00 JST on 19 April 2013:

- 0) Cover page mentioning "Application to the position of Project Assistant Professor at ICRR, The University of Tokyo",
- 1) Curriculum Vitae (including your e-mail address, and the statement of PhD holder or schedule of the PhD defense),
- 2) Research experience on three pages,

- 3) Research plan on three pages,
- 4) Publication list and copies of most important publications (up to 3 papers), and a list of oral presentations in conferences and workshops, and
- 5) Two letters of reference should be arranged to be sent directly to the e-mail address given below.

All the above documents shall be sent in due time to the following address,

Prof. Takaaki Kajita, Director of ICRR, The University of Tokyo,

e-mail: kajita\_at\_icrr.u-tokyo.ac.jp ("\_at\_" should be replaced by "@").

**Postal Address:** Institute for Cosmic Ray Research, Kashiwanoha 5-1-5, Kashiwa-shi, 277-8582 Chiba, Japan
