Health and Safety Education for Joint Researchers

This “Safety Manual” summarizes the safety protocol that must be followed by all Kashiwa Campus members in order to maintain their own health and welfare and ensure that all educational and research activities are carried out safely and properly through compliance with the Industrial Safety and Health Act, and related laws and regulations.

Please have a read through this manual and bolster your efforts in regard to prevention of accidents, fires, and other hazardous situations.

Before you begin your joint research, you have to read through this manual, and sign and submit the attached “Pledge” to the representative researcher in your joint research program. Based on the submission of your “Pledge,” we will regard you as a participant in a health and safety education program in the Kashiwa Campus.
